Ma-SWABENG buhay!

This is to remind everyone to please take care of our resources such as the service vehicle provided to us by the company.

We are expected to maintain the trustworthiness of the service vehicle entrusted to us, thus, we need to ensure the following:

- Cleanliness
- Regular Maintenance – where all parts are well-maintained and working (e.g. tires, lights, chains, breaks, etc.)
- Change Oil (based on assigned schedule)

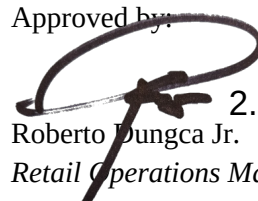

Having a well-maintained service vehicle is essential for our safety and longevity of use in our daily activities. Failure to execute this memorandum will be dealt with accordingly.
