

MEMORANDUM

DATE: October 21, 2023
TO: To all Station Supervisors; Area Managers
FROM: Roberto Dungca Jr.
CC: President/Vice President/HR Manager/Accounting/Audit
SUBJECT: **Implementation of the New Process for the Submission of the DSR Report**

We are sending this memo to inform you that after a successful one-month dry run, we have finalized the new process for the submission of the DSR Report effective October 20, 2023. The feedback from all area managers and accounting departments has been positive, and we believe that this new process will greatly improve efficiency and accuracy.

Please take note of the following key points regarding the new DSR report process:

1. The creation of manual DSR report is being suspended. Check the Pump reading on the totalizer, and if it has an asterisk (*), it means there is an offline trx.

The manual DSR should only be done and submitted per shift when the POS goes down, on Sundays, or holidays.

2. All non-cash TRX reports can be obtained from the actual sales receipt from the POS.

3. Supervisors are instructed to submit the Day End report daily to their immediate supervisors via Viber.

4. The Day End report and its attachments per shift should be entered into Jotform once a day. The submission of DSR per shift in Jotform is suspended.

Remember that there are no changes in the submission of reports. Only the procedure or process of creating the report has changed. Please follow the guidelines accordingly."

If you have any questions or need further clarification, please don't hesitate to reach out to me. Let's continue working together to ensure a smooth transition to this new process.

Thank you for your cooperation and dedication.
